

CONSENT FORM FOR MINOR VOLUNTEERS

Procedures For Use Of Form:

The Activity Supervisor/Staff will...

- Require all Volunteers under the age of eighteen to complete the Consent Form or Minor Volunteers.
- Predetermine, with the Volunteer, the specific number of hours per week and the specific activity-related tasks, responsibilities expected. Record this agreed-upon information onto the form.
- Obtain the completed Consent form for Minor Volunteers before any volunteering from the prospective volunteer is allowed.
- File the form in an alphabetized or chronological filing system of current Volunteers.

A Perspective:

Under-age volunteers can be both a blessing and a burden. Some minors are very assertive, independent, and useful; while other minors may need constant attention, supervision, and can cause activity staff to feel like a baby-sitting service! Through proactive communication with the administration, determine the facility's philosophy on minor volunteers. Will there be certain age limit? Will there be a firm system of performance evaluation? Whatever the case, documentation of very specific volunteer expectations on the Minor Consent Form is advisable to reduce liabilities.
